This Coulisse collection is brought to you by Avaeksperdid. As long-standing partners with a shared passion for window coverings, Coulisse and Avaeksperdid offer unrivalled possibilities to create the perfect window covering solution for any space.

Explore and be inspired!

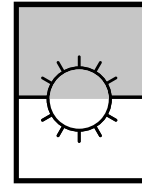

INDEX

► Sheer

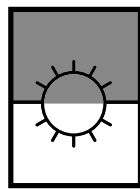

Thanks to their delicate transparency, sheer fabrics create an airy feeling. The fabrics fuse the world inside with the world outside.

► Light filtering

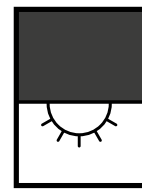

Light filtering fabrics filter the incoming daylight in a beautiful way while remaining the connection with the world outside.

► Dim-out

Dim-out fabrics diffuse the incoming daylight and darken the room. An ideal solution for rooms in which natural light and privacy is required.

► Black-out

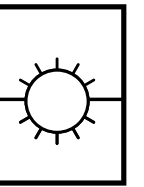

Black-out fabrics completely darken the room and therefore, they create the ultimate privacy. A perfect choice for the bedroom.

► Smart Technology

MotionBlinds smart motors for window coverings based on the principles of simplicity and connectivity.

BE INSPIRED **SHEER**

SHEER

Thanks to their delicate transparency,
sheer fabrics create a light and airy feeling.
Perfect for softening an interior by fusing
the world inside with nature outside.

MotionBlinds is the smartest technology to operate window coverings. MotionBlinds motors are designed for simplicity and connectivity supporting the latest smart home technologies. This makes it easy to integrate window coverings with MotionBlinds into smart homes and buildings to create safe, energy-efficient and convenient spaces to live and work.

MOTIONBLINDS

BE INSPIRED

BLUETOOTH

MotionBlinds with Bluetooth motors can be set up in a minute, operated by a smartphone and automated with preset timers, without the need for a bridge, registration or a remote control.

- Setup in a minute by smartphone
- Control by app in Bluetooth range (10m)
- Automate with timers (autopilot mode)
- No bridge account or registration required

BRIDGE

Add the MotionBlinds bridge to connect to smart home systems including Google Home, Amazon Alexa, Samsung SmartThings, IFTTT and to operate MotionBlinds away from home by smartphone.

- Connect to smart home systems
- Control by app away from home
- Create rooms and scenes with multiple blinds
- Automate to sunrise/sunset (location based)

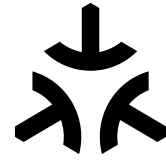

MOTIONBLINDS

BUILT ON THREAD

Eve MotionBlinds motors support Thread. This is a mesh network technology that makes your smart home more responsive, robust, and increases its reach. Thread enables Eve MotionBlinds to be easily connected to smart homes – without the need to install a bridge.

MATTER READY

Thanks to Thread, Eve MotionBlinds can work with Matter. This means every family member can access Eve MotionBlinds locally and directly from their preferred smartphone or voice assistant such as Apple Home, Google Home, Amazon Alexa, Samsung SmartThings and many others.

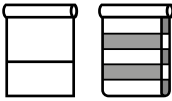

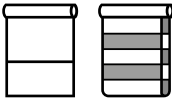

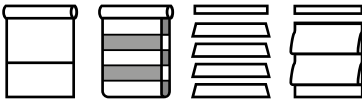

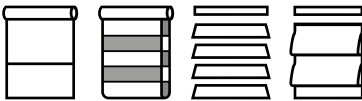

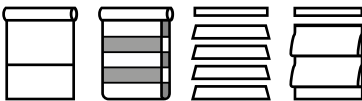

100% PRIVACY

Eve MotionBlinds rely on local intelligence and direct communication. They do not connect to a manufacturer cloud and you are not forced to set up an account or registering your products. All data and intelligence are stored locally on the motor.
